

IN MEMORIAM: PROF. SALVINO BUSUTTIL

Joseph D Buttigieg

Prof. Salvino Busuttil, a Life Member (#237) of ALPS, passed away on Friday, May 13, 2016, aged 80. He was an economist and former Director General of the Foundation of International Studies. A philosopher, Prof. Busuttil served as director of the Malta Development Corporation and Dean of the Faculty of Arts. He held various positions at UNESCO, was Vice President of the Mediterranean Centre for Human Rights and for several years Chairman of the Malta Council for Economic Development and of the Valletta Rehabilitation Project. He formerly served as Malta's Ambassador to France. The passing on of Prof. Busuttil has left a cultural void that is difficult to fill. May he rest in peace, Amen.

By sheer co-incidence, it is worth mentioning, that the above named illustrious gentlemen, had joined The Association of Lyceum Past Students as life members in the same period. Their Life Membership numbers were # 236 Prof. J. M. Ganado and # 237 Prof. S. Busuttil. Believe it or not, they passed on to eternal life during the same week in May 2016.
