FROM THE ALPS PRESIDENT'S DESK What's new in 2019?

Let us be Facing the Future not with fear but with Determination and Optimism.

New years, bring new optimism, and we have especially good reason to be optimistic this New Year. 2019 is ALPS's 25th anniversary as an Association. And when we look back at how the association has grown since we started, it is amazing to see the improvements in membership and growth in so many newer ideas that are put into practice for innovation and an ever-increased focus on seeing that what comes in front of you dear members and friends of ALPS is always to your liking. Way back to when ALPS came into existence, we had some hard times in the very beginning. The recruitment of new members and selling the idea of a LYCEUM Old Boys Association was no easy task. One remembers the hard work put into the preparations and the drafting of a statute by our founder President Dr. Guido Saliba. He was a lawyer and he wanted things done in a very proper manner.

The Association of Lyceum Past Students came into being in March of 1994. It was one of the dreams that Guido used to write about, when he filled a column in a local Sunday newspaper and translated what had come into his mind over that particular week. Readership

was on the increase and the idea of people syphoning each article week after week, suddenly stumbled on an idea to the formation of an old boys association of the much respected Lyceum. The school was at its very best, seeing the brightest of minds qualifying and entering into tertiary education which many times was ending with a university diploma or degree. When ALPS was in its infancy, not many of the Liceo past students had ever thought of joining as members. The name itself was specially chosen so that whoever was joining would not be feeling old. Instead, Dr Saliba had the idea of creating a name that took away the stigma of old age but rather the feeling of a still young at heart "Past Student". I still recall that although I was one of the early members who have joined ALPS, I was not really taking a very active part in those early days because of a heavy work commitment. A few years later however, I made it a point to start attending for the annual general meeting and it was exactly from there, that I was getting nostalgic feelings to be even more active in such an association. Little did I think at the time, that founder president Dr. Guido Saliba, was already thinking of having an understudy who would carry on after he left us. One activity after another and building

more and more confidence had seen the council of administration of ALPS in need of new recruits. I remember Guido approaching me and asking if I would join and be of some help when needed. In the meantime, I had already started to give a helping hand to a council member at the time, who was in charge of the Social aspect of ALPS. The connections I had within the hospitality industry soon brought me face to face with people whom I had known in such trade. I wanted the best deals for social gatherings and of course at the best prices that could be accessible to everybody. One function after another and this soon brought me to have a role that would negotiate a very good deal when members could enjoy their social occasions together with their spouses and friends who have always been most welcome to join. The numbers started to increase and with the arrival of the year 2000, a large function was organized at The Radisson Baypoint hotel when a sizeable crowd gathered to celebrate with ALPS the start of a new century. From there onwards, we never looked back and the membership continued to stay on the increase. It looks like the 1000 mark may soon be attained. It is true that over the years ALPS loses a few members but it is also encouraging to note,

that it gains new faces who, out of a recommendation from one of its existing members or friends, they feel that they want to come on board.

You are very well aware that, all that is presented to you by The Association of Lyceum Past Students comes from the heart of a most enthusiastic council of administration who are helping me to maintain a steady growth. We strive for improvement and most of the time we manage to deliver the best opportunities that can see happy faces of members and their guests truly enjoying everything that we present. The feedback that reaches our ears after an event brings joy to us, knowing that our hard work is starting to be appreciated in many ways. We listen to your suggestions and we try our best to implement any new ideas that can see a change in the manner how we are organizing for you the events. I have said it before and I repeat one more time, we are not perfect yet, but we want to get there someday.

ALPS Christmas Dinner & Weekend was a great success in Dec 2018

The last event organized by ALPS for the year 2018, proved to be one of the greatest events with a very large participation. The Radisson Resort came alive with the overnight occupation of over 140 guest-rooms, and have given life to this magnificent venue, that we have again chosen for our members and friends to spend a weekend of true relaxation in style. The number of people who filled the grand ballroom has also surpassed our past records. The ALPS President addressed the gathering and expounded on the many occasions that have been prepared during the last year. He also mentioned the 25th Anniversary Celebrations that shall be held in 2019. It marks a very special milestone in the history of 'Ghaqda Ex-Studenti Liceo' and everyone is invited to take part. We had a good number of raffle prizes at dinner, amongst which there were 2 special gifts donated by the firm SMS Mondial, which consisted of travel vouchers that can be exchanged against any travel arrangements during this current year. Other prizes such as week-end stay and Sunday lunches given to ALPS by the

Radisson Resort have also been raffled, together with a good number of other hampers that have made a number of dinner guests to leave the ballroom carrying their much-treasured winnings. Such occasions fill us with great joy when we see our members and their families and friends take an active part when they come and spend some

quality time with us. Having a public holiday fall on a Saturday, The Feast of the Immaculate Conception, we invited Fr. William Bartolo to come and celebrate Holy Mass inside the Hotel. The same was repeated on the following day Sunday. When the ALPS guests were leaving the Radisson, many were those who have approached

ALPS council members and congratulated us for another, well organized weekend. A number of photos were taken that you may now access and watch in the comfort of your home on computer, from the Photo gallery of the ALPS website www.alpsmalta.com Some pictures are even included on the inside cover of this newsletter.

The ALPS Annual General Meeting For 2019

The ALPS - Annual General Meeting is to be held on the 22nd February 2019 at 18.00 hrs. It shall be held in the boardroom at the Lyceum Hamrun. This year, you are being requested to elect a new President, whose present term in office shall be ending in March 2019. You will also be asked to elect seven other new Council Members for another period of one year. We say thanks, to all those who have served over the past 12 months. The valuable contribution given by the outgoing Council Members has been of great assistance over the past year. We now look forward to having another hard working council who will form the new council of administration of ALPS and, together with a newly

elected President, they are going to be leading the Association of Lyceum Past Students during the year, when a 25th ANNIVERSARY is being celebrated. Messrs. Griffiths and Associates shall be asked, to once again look after and audit the ALPS books for the coming year. This year's accounts will be presented during the same AGM. Your participation therefore, will be very much appreciated. We kindly ask you to complete, sign and return the attached nomination form/s with choice of candidates. The completed form/s must reach Secretary General not later than Friday the 15th February 2019. Your continued cooperation will oblige.

This year is our 25th Anniversary from foundation day in March of 1994. We have come a long way and what is being prepared for our members and friends during the coming months of this year, will surely be pleasing to you. This may enable you to come and take part and bring with you family members and friends too. On the 19th day of March 2019, we wish to occupy every chair at St John's Co-Cathedral Valletta for a foundation day ceremony with Thanksgiving Mass to be concelebrated by His Eminence Cardinal Prospero Grech together with other Liceo past students who have chosen priesthood. There shall be a number of dignitaries invited for this great occasion to mark our first 25 years. Do not miss this unique and historic opportunity to celebrate with ALPS. I always like to say that we are champions in organising the best of events for our members and friends. We are preparing a special almanac with different events that will all happen in the year 2019. Be

proud to have attended the LYCEUM in your younger days. Do please encourage other schoolmates to come along and savor from one or even more of the special events that are in the pipeline. Many of us will not be here for another 25th anniversary (when ALPS turns 50) ... Thank you, Lyceum Past Students, for kicking off our Foundation Celebration event with Holy Mass and reception on the 19th March 2019 with such resounding support for ALPS. We too are optimistic, that 2019 shall be the best year yet, and quite likely one of the most challenging. As your President and together with my fellow council members, I look forward to working with you to continue to build the best possible future for The Association of Lyceum Past Students.

I thank you and augur the best of health and happiness to each and every one of you in the new year 2019 just started.

Very sincerely

Reporting from the Pwales Chapel

The PWALES CHAPEL came alive with the celebration of Holy Mass on the 13th day of December 2018. It was the last occasion of the year for ALPS members and friends to congregate at this small chapel in the countryside and sing Christmas carols for the occasion. A sizeable number of members and their families and friends turned up at Pwales on this bright and sunny morning. Benches were full and the people spilled onto the outdoor parvis listening to Fr. William's sweet little thought for the day. Festive greetings were exchanged with

everyone there present, when tea and coffee, biscuits and cakes were served, before the chapel was closed.

It is worth noting that for this event, we have had two new gifts that are donated to ALPS. The first item is a set of altar vestments donated by Mr. Joseph and Mrs. Pauline Buttigieg. These vestments were specially hand-stitched by Sister Daniela Fardell from the Cloistered Monastery of St Ursula - Valletta. Another nice gift made to ALPS, is a fully refurbished set of 6 Altar Candlesticks that have been commissioned by a donor who

wishes to remain anonymous. She has felt the need to restore to their original splendor the candlesticks. An ex-Council member of ALPS namely Tony Aquilina has added to the value of the candlesticks by fitting them with flicking flame lighting on each one. Such news is worth noting especially when such donations are spontaneously made to ALPS, by persons who feel they should contribute towards the Association of Lyceum Past Students.

Let Peace and Happiness be in the heart of all ALPS members and friends.

Pictures and Statues inside & Outside Pwales Chapel under the care of ALPS

The Pictures present in the Chapel

At the Pwales Chapel that has been entrusted to the care of ALPS, there are two interesting holy pictures and two statues inside and outside the chapel that deserve a good description.

The First Picture

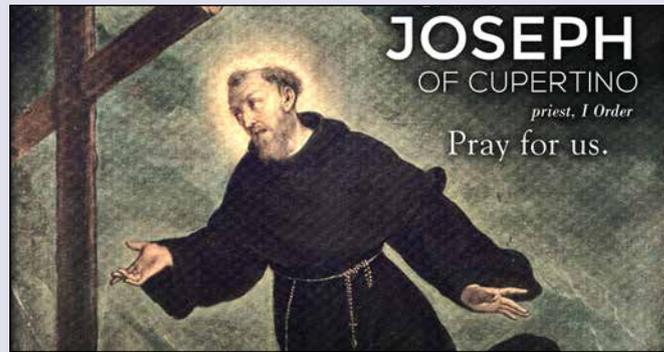

It depicts St Joseph of Cupertino, known to all students as the preferred saint to call for assistance when preparing for examinations.

St Joseph of Cupertino (a brief life story)

In 1603 this boy was born to a widowed mother in a stable in the village of Cupertino, Apulia province of Naples. The relatives of his father had taken possession of the family house and sent off the widow to beg in the streets. During his upbringing he was considered an idiot and frequently chided for his lack of attention, for breaking utensils and for a general apathy.

Joseph's mother insisted with one of her brothers to employ Joseph as his apprentice in the shoe making business he ran hoping that her son would learn a profitable trade. But the boy was more attracted to prayer and a religious life than to the trade. He used to abscond from the shop to visit the Blessed Sacrament in a nearby chapel.

He felt drawn to a religious life and asked to be admitted to the Cupertino Capuchin friary. He was assigned duties in the refectory of the convent preparing food

for the friars. By nature a clumsy person his apprenticeship had to be terminated as he broke a considerable number of plates and the irate cook sent him off to the Rector and insisted that he will not return to the kitchen any more.

Joseph was told by the Rector to stop attending at the convent but undeterred he went over to another convent in the vicinity, that of the Conventual friars, and asked to be admitted as a lay brother. The kind Provincial felt compassion on this applicant and accepted him.

The Provincial noticed that when not at work Joseph prayed intensely in front of the Blessed Sacrament. During prayer his face was transformed into such an extremity of joy that it shone out with a particular light. He noticed that this rough lay brother was destined to sainthood and from that moment instructed him to start studying for the priesthood.

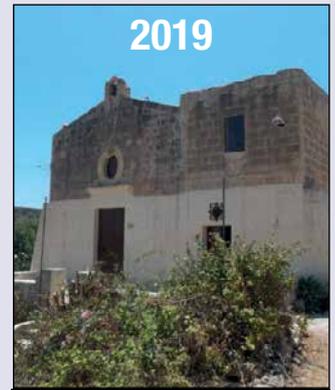

Ever obedient Joseph agreed but his fame as a laggard student met with initial disapproval of the instructor. He studied hard but remembered only a few pages of the books he had to

study and surprisingly did well in examinations. Through inspiration he seemed to anticipate the exam questions, studied them well and satisfied his examiners.

Ordained a friar and given the power to confess he attracted a considerable audience at Holy Mass and a large number of penitents at his confessional. When he said Holy Mass he used to enter into a state of ecstasy, forgetting time and place and the Holy Mass he said lasted about an hour. In addition during Holy Mass he was observed to levitate, rising a few meters off the ground and then slowly come down to earth.

Once when preaching in front of a crowd he was so taken up by the devotion that he flew off a stone balcony and to the amazement of all bystanders landed safely back. The people were amazed at the mystic power of this friar that caused him to levitate!

He was greatly loved for his gentle manners in the confessional as well as because through his intercession with God many were healed from their illness.

It is reported that the Holy Inquisition at that time a very powerful and forceful institution wanted to examine him so as to make sure that both the ecstasy and the mysticism were not the result of the devil's work but the result of a deep faith in God. He was cleared of these charges and the judges themselves became his penitents. He lived a good life and aged sixty God called him on the eighteenth September 1663 to enter eternal life.

His fame as a saint had spread far and wide and people flocked to pray at his grave, so that Pope Benedict X1V beatified him in 1753 and fourteen years later Pope Clement X111 declared him a saint. Later on he was declared the patron saint of students and of aviators

One is never too old to celebrate with wife or partner and, perhaps inviting family and friends to also come along and celebrate with ALPS. We want this year's get

The Alps Foundation Day Celebration to be held on 19th March 2019

The ALPS 25th Anniversary celebration at St John's Co Cathedral, is to be celebrated on the 19th March 2019. Holy Mass shall be in the evening at 18.00 hrs. by His Eminence Cardinal Prospero Grech who was himself a LICEO past student and very much likes ALPS. Other concelebrants with the Cardinal shall be His Grace Archbishop Emeritus Pawl Cremona. We are hoping, that a number of other priests from different Parishes and Religious orders who were also Lyceum students in their youth, can become interested to once in their lifetime, concelebrate Holy Mass with a Cardinal. The association will soon issue invitations to all who will send us their application form, in order to have a seat in the Cathedral for this special occasion. It is an opportunity when we can have a Cardinal who will concelebrate Holy Mass for such a unique date in our association. We are hoping to have every chair occupied on the 19th March 2019. Your participation will honor us if you may wish to join for the celebration of Holy Mass and

afterwards for a reception at The Old Liceo in Merchants street Valletta. It is literally within a short walking distance from the Cathedral. **There are no fees to be paid for this 25th Anniversary / Foundation day celebration.** Of course, all donations are welcome that may go towards reducing the cost of organizing this special day for you. Shuttle mini bus service is also being provided from near the

parking area by Phoenicia Hotel between 17.00 hrs. and 18.00 hrs. into Valletta. Police permits have not as yet disclosed the route that may be taken for alighting passengers from the mini-bus, nearest to St. John's Cathedral. This will be announced on the day by the driver. The return shuttle transport is also being looked after on your behalf, from St Paul's Street Valletta after the reception. The service

will operate from 20.30hrs onwards to take you back to the parking area near the Phoenicia after the reception. It is expected, that the reception itself will last not later than 22.00 hrs.

The **ASSOCIATION OF LYCEUM PAST STUDENTS** very much holds every one of its members at heart. Celebrating a 25th ANNIVERSARY is something to look forward to with great enthusiasm. Many of us will not be here for a 50th anniversary in 2044. Therefore, you must make it a point to come along and share with us the happiness that our association knows how to prepare for you, on such a unique occasion. You may tell as many as possible Liceo schoolmates, even if they are not members in ALPS. They can phone to ALPS Secretary General - Alex Borg, (tel: 9988 8579 or send an e-mail: alpsmalta@gmail.com). Note will be taken of their intention to attend and an invitation card can be posted to their address and must be presented to enter the reception on 19th March. Special Events for two ALPS Members

It has recently come to our knowledge, that two Maltese Bishops, will this year be celebrating a 50th Anniversary of their priesthood. This is indeed a very special occasion and we take this opportunity to extend to each of them, our sincere congratulations for having dedicated their lives to be of spiritual service to the Catholic Community in Malta and in Albania:

Archbishop Emeritus Mons. Pawl Cremona OP celebrates with Holy Mass at The Dominican church Rabat Malta on the 24th March 2019. All those past students who may have at some time during their Liceo Studies shared a class with Mons. P Cremona, are encouraged to attend for such a great event and be closer to their Lyceum colleague, today a Bishop

Emeritus. (Mons. Cremona is also celebrating his 73rd birthday on the 25th January this year and we wish him **“AD MULTOS ANNOS”**

Archbishop Mons George Frendo, will also be celebrating

his 50th Anniversary since he became a priest, with Holy Mass to be held in Tirana, Albania on the 7th April 2019. Distance may not permit for any of us to be there present, but we can on that particular day, say a small prayer

for the intention of our Liceo colleague His Grace Archbishop Mons George Frendo...

Congratulations and wishing them best of health & happiness

Another Food Bank Appeal

The appeal that we have circulated to our readers in the last issue of ALPS Newsletter, did not yield much response. We are sure, that after the Festive Season you may now have a change of heart and decide to donate food items (*non-perishable*) or perhaps a cash donation that may go towards a very worthy cause. Written articles have recently appeared in the local newspapers, asking people to be generous and to give that little something, to help those in need. As we have written to you in our article presented in Volume 18 no: 3, Nov 2018, ALPS wants, to assist the FOOD BANK by appealing to its members and friends for assistance. Your kind hearts will therefore heed this second request and let us have something that we can donate for a very good cause. Extending a helping hand to the Valletta Food Bank which risks closure, will be greatly appreciated as supplies may dry out. The majority, who will benefit from such a food bank, are Maltese

families who can be having financial difficulties. The food bank is situated in Old Bakery Street Valletta and is run by Rev. Kim Hurst of the St Andrews Scots Church.

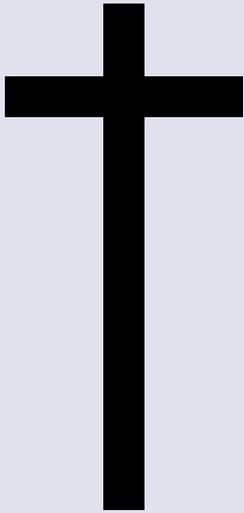

Elderly persons who may not have family support any more, seek the help from the Food Bank. Food packs are financed through donations of money and food. The cold weather is now

at its peak, when especially the elderly, are trying to cope with keeping themselves warm by using gas or electricity heating. Living on a pension without any other means of income, increases the difficulties for such persons who are having problems to manage their financial situation.

ALPS wishes to ask you to assist as best as you can. We

want to help in such needy situations where help is sought. Therefore, with much courage we are again turning to you dear members and friends of the Association of Lyceum Past Students, to help us make a collection of non-perishable food items that can be collected from your address whenever you wish to call us on 2138 6812 or on 2258 7420 (during working hours) or via Secretary General of ALPS - Alex Borg on Mobile/SMS: 9988 8579. If you prefer to send an e-mail please do so on: alpsmalta@gmail.com. Alternatively, if you wish to deliver any food items that are being collected for the Food Bank, you can phone our Council member Anthony Buttigieg of 82 Moroni Street Gzira. Do please phone before going on tel: 2133 7242. We are quite confident, that this second appeal will not fall on deaf ears and you are going to favourably heed this request. And for this, we thank you in anticipation for your generosity and for your charitable support.

A Tribute to a Lyceum Past Student – Dr Censu Moran

Doctor Vincent Carmel Moran was a dedicated physician who, come rain or shine attended urgently to the needs of his clients oftentimes paid with a handshake only. Born in Cospicua in 1932 of John and Carmela nee Debono he was educated at the Lyceum and graduated MD at the Royal University of Malta in 1958. As from his student days he supported the Labor party and was first elected to the Malta Legislative Assembly in 1962

and won a place at each of the seven elections held until 1996. Appointed Minister of Health for the first time in 1976 he was faced within his first year in office, with the Medical Association of Malta and the British Medical Association (Malta) strike action that officially lasted ten years. Quoting from the 'Foreword' which he wrote in my book *The Medical Strike 1977-1987 Revisited 2017* he 'applauded the end of the Colonial mentality that still

existed after thirteen years of Independence' and forged ties with other European and Asian medical centres and schools that not only benefitted the health of Maltese and Gozitan people but established new centres of training for our medical students.

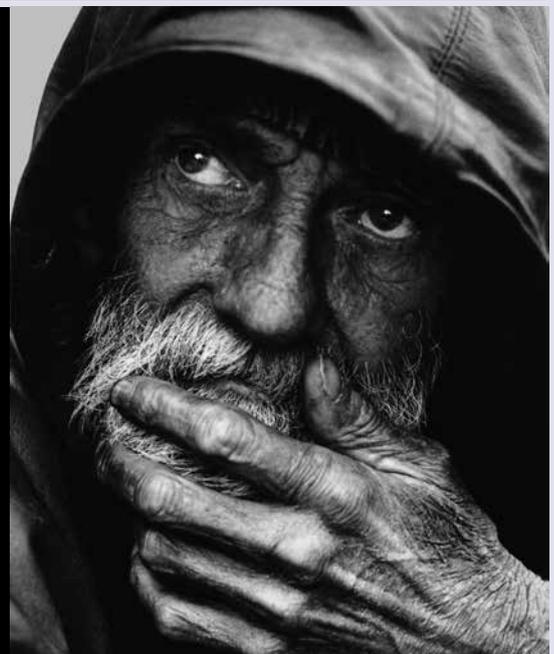

Indeed, through his efforts the local medical practice forged ahead paving the way for the building of the Mater Dei Hospital.

It means, that you were put to the test and you didn't fall apart

ALPS Organizes Movie Nights at 'White Light Pictures'

We are still compiling a schedule of Movies for this year at White Light Pictures. This will be published in the next edition of ALPS news, with dates and time of every film show. During the past year, we have seen a sizeable number of our members and friends, come to watch a movie show that had been chosen. Perhaps, for this year we can receive an idea of what you may prefer by way of title or subject of any particular film. We encourage you to write to Secretary General with ideas that can assist in preparing with White Light Pictures, a full program for 2019. We listen to every suggestion because we wish to see you enjoy movies that are of your choice. At this venue, you shall be having a welcome drink before the show. And for those of you who may prefer wine, beer and soft drinks after the show, the venue has a fully stocked cash bar offering many types of products. White Light Pictures is fully air-conditioned and also has fresh air circulation.

Good Material for all ages...

Enjoy this. It's neat. You'll laugh a bit as you continue to read to the end...

As I've aged, I've become kinder to, and less critical of, myself. I've truly become my own friend. I have seen too many dear friends leave this world, too soon before they understood the great freedom that comes with aging.

Whose business is it, if I choose to read, or play on the computer until 4am? I will dance with myself to those wonderful tunes of the 60s, 70s & 80s, and if I, at the same time, wish to weep over a lost love, I will. I know I am sometimes forgetful. But then

again some of life is just as well forgotten and, eventually, we remember the important things.

Sure, over the years, my heart has been broken. How can your heart not break, when you lose a loved one, or when a child suffers, or even when somebody's beloved pet gets hit by a car? But broken hearts are what give us strength, and understanding, and compassion. A heart never broken, is pristine, and sterile, and will never know the joy of being imperfect.

I am so Blessed to have lived enough to have my hair turning grey, and to have my youthful laughs be forever etched into grooves on my face. So many

have never laughed, and too many have died before their hair could turn silver.

As you get older, it is easier to be positive. You care less about what other people think. I don't question myself anymore. I've even earned the right to be wrong.

So, to answer your question, I like being older. It has set me free. I like the person I have become. I am not going to live forever, but while I am still here, I will not waste time lamenting what could have been, or worrying about what will be. And I shall eat dessert every single day (if, I feel like it).

Laughter is the Best Medicine

Life after death...

A boss asked one of his new employees.

"Do you believe in life after death?"

"Yes Sir" replied the new employee. ...

"I thought you would" said the boss. ...

"Yesterday, after you left to go to your Grandmother's funeral, she came here to see you at your new place of work!"
