

THE ALPS VALENTINE WEEK-END & DINNER RADISSON GOLDEN SANDS 8-10TH FEB 2019

For a good number of years, The Association of Lyceum Past Students, has been organizing for its members and friends, a Valentine's event. This year of course was no exception. We have again seen a very nice and encouraging response. As a matter of fact, 101 hotel guest rooms have been occupied for the week-end. The number of seated guests for the Valentine feast dinner, has totaled 270 persons. This is another great success for our association, all thanks to the participation of so many of our members with their family & friends. We organize for you the event and you make the feast come true . Indeed, every corner of the Radisson Golden Sands resort came alive with the ALPS group. It is our satisfaction to have a good attendance, whenever, ALPS prepares a new event that often turns out to your satisfaction.

It is a means of seeing our members getting closer with each other. This is the best advertising that can come our way. Your participation can encourage even more people to start attending for other future events. The pictures attached on this web-site, can truly demonstrate the success of this last occasion that we have spent together. May it always remain like this.
