

## **The ALPS barbeque evening at the Radisson Golden Sands-13-07-2019**

**Under a starry night, right on the water's edge at Ghajn Tuffieha Bay, and to a quasi full moon lit sky, the ALPS barbeque was another great success. A sizeable number of members and friends have turned up for this occasion which brings to a close the ALPS activities for the first six months of 2019. A light breeze was like a godsend after the severe heat of the past week. Guests could be seen to enjoy themselves '*al-fresco*' tasting wonderful food and wine that had been served throughout the evening by the waiting staff. Raffles have been drawn and many were leaving with nice gifts that had been won. The presence of so many members and friends of ALPS at an occasion like this, is a satisfaction to the committee who work so hard to organize for you such occasions. May all future events in the pipeline, be also successful with your participation.**
