

## **THE VALENTINE'S WEEK-END AT GOLDEN SANDS RESORT 7<sup>th</sup> to 9<sup>th</sup> FEB 2020**

The selection of photos can describe the happy weekend event that the ALPS have organized at The Radisson SAS- Golden Sands Resort. It was a great success from beginning to end. The marvelous weather throughout the entire period that we shared together at this most luxurious resort, added to the happy feelings by all who participated. The nicely furnished guest rooms that have been made available to ALPS members and their families, really made this event a memorable occasion. Valentine week-end is now an annual occasion when we get together at The Golden Sands and share some quality time in each other's company. Lyceum past students simply love to get together. This year was no exception. The number of tickets sold during raffle time, continued to confirm the festive feelings by all concerned. A number of happy members were seen carrying the many prizes that have made this wonderful evening so much nicer. Added to lovely tunes that David Vella played throughout the Valentine Dinner evening, one may conclude that we had a most successful and very memorable event this year. We sincerely wish and hope that this same atmosphere will continue at future events that are being prepared by ALPS.

Thanks to all who have taken part this year...
