

# **SPEECH:**

Good evening to everyone here present today.....,

Welcome to this get together, in honor of our dear friend Milo Vassallo. He arrived a few days ago and has not stopped talking because he happens to know half the population of the Maltese Islands. If he does this also in Canada, it is no wonder that the telephone lines are always found engaged... Joking apart, our dear friend soon celebrates his **80th birthday** and what better way could he find than spending some time with his fellow Lyceum colleagues.

It is our pride and honor to recall the lovely reunion that Milo organized for the A.L.P.S. members when we went to Toronto some years back. What lovely memories we have brought with us from such reunion. And, today my dear friends I wish that the same can happen when Milo can enjoy this evening amongst friends and Lyceum friends of old. It is so encouraging to see such a grand response. You have all wanted to come and share a nice evening with our friend.

And to seal this special evening, The Association of Lyceum Past Students have felt, that a small gift token can be donated to Milo Vassallo in the hope that he may continue to remember us all. **On behalf of the association I am presenting to Milo this token...**

**A FABER CASTELL ROLLER BALL WITH ENGRAVINGS FOR THE OCCASION....**

Here's wishing to our dear friend Milo, many more happy Birthdays. Here's thinking, that today's get together may be repeated at some future occasion Here's hoping, that the friendship grown with us from our LYCEUM days, will never fade.

I wish that you may continue to enjoy yourselves and keep remembering this date on the occasion of **Milo Vassallo's 80th Birthday**.

.I really think it would be fit and proper if we can all sing together a **HAPPY BIRTHDAY song to Milo.. (PHOTOS LOADED ON WEB-SITE)**

thank you my friends

sincerely

George Stagno Navarra
