A nice gathering of LYCEUM old boys filled the main hall on the 14th November 2015 to celebrate a SCHOOL REUNION . Past students of all ages were seen mixing with each other and spending a nice evening reminiscing from the good years of their youth that they spent at the LICEO undergoing secondary education. In particular, it was an event to mark a 50th anniversary of the 1965 past students. Holy mass was concelebrated by Bishop Emeritus Mons Pawl Cremona and assisted by Mons Joe Mifsud Bonnici. The New Headmistress M/s Doriann Portanier Mifsud had given her full support so that this event may turn out to be a complete success for all who have attended.

After Holy Mass, the ALPS president delivered a short speech emphasizing the true meaning of such reunions and the need to continue to keep alive the name of THE LYCEUM. Distinguished guests to this event included the school's principal Mr. James Camilleri, as well as Mr Edgard Preca ( husband of Her Excellency Marie Louise Coleiro Preca- President of Malta)

His Grace the Archbishop Emeritus Mons Pawl Cremona and Mons. Joe Mifsud Bonnici, The Lyceum Headmistress M/s. Doriann Portanier Mifsud was also in attendance together with her husband. A reception was later held inside the same main hall after Mass and the gathering could be seen enjoying the evening together with wives and friends who also came to join in this celebration. May there be many more REUNIONS in future years to keep alive the name of Malta's LICEO.
