Dear Fr. William,

I feel deeply honored to have been invited to attend, for the ceremonial ' Holy Mass ' on the occasion of your being installed as Parish Priest of Qawra, by His Grace Archbishop Mons. Charles Scicluna on the 30th January 2016. I must say, that it was the very first time for me to have participated at such an elevating installation ceremony. I loved being there present amongst a large congregation that has filled the Qawra Parish Church to full capacity. You really and truly deserved such welcome from all your friends and parishioners.

May the Lord guard and guide you in your work to lead the Qawra parish to greater sanctity.

Your congregation of course, included a number of council members from the Association of Lyceum Past Students ( ALPS) who hold you in high esteem as our spiritual director. We pray, you may continue to lead us with your valuable sermons whenever a service is held at the Pwales Chapel and / or any other spiritual occasion that we may call upon you to direct for us.

We are the sheep and, the Lord has appointed you as our shepherd. May it always be, that you have the pleasure to continue to lead us to live better lives and be an example to others.

From the small camera that I carried with me yesterday, I have recorded some pictures that you might wish to keep as mementos, of this unique occasion on your being installed as the NEW PARISH PRIEST OF QAWRA CHURCH.

God be with you.

Sincerely  
George Stagno Navarra  
President ALPS
